EXPERIENCE

Horizon Industries, Senior Appian Developer, Remote Mar 2024 -
Current

- Lead senior Appian development efforts, architecting and delivering complex process models, rules, engines, and integrations across enterprise-scale applications.
- Managed and mentored a development team, conducting regular code reviews to enforce best practices, maintain code quality, and accelerate team growth.
- Designed and built complex decision engines, dynamic expressions, and multi-step process flows to automate critical business workflows.
- Drove Agile/Scrum ceremonies including sprint planning, daily stand-ups, and retrospectives, consistently delivering features on schedule.
- Collaborated with stakeholders and cross-functional teams to translate business requirements into scalable Appian solutions, ensuring alignment with client objectives.
- Utilized SQL and REST/SOAP integrations to enable seamless data exchange between Appian and external systems, ensuring data integrity across platforms.

Ignyte Group, Senior Appian Developer, Remote Mar 2024 - Oct 2024

- Developed and implemented tailored software solutions within the Appian platform.
- Applied scrum methodology to manage project lifecycles, leading daily stand-ups, sprint planning, and retrospectives to ensure timely delivery of high-quality software solutions.
- Collaborated with API developers to design and implement integrations, enabling seamless data exchange between Appian applications and external systems.
- Utilized SQL to query and manipulate databases, ensuring data integrity and facilitating seamless integration between Appian applications and backend systems.
- Worked closely with cross-functional teams to gather requirements, design solutions, and prioritize backlog items, fostering collaboration and driving project success.
- Maintained documentation and led knowledge transfer sessions for smooth project handovers and ongoing support.
- Recognized for work ethic, efficiency, leadership, and management skills.

Ernst & Young, Appian Consultant/Developer, San Antonio, TX Mar 2021- Mar 2024

- Developed custom software solutions in Appian to boost client efficiency and productivity.
- Applied scrum methodology to manage projects.
- Used SQL for database queries and integration with backend systems, ensuring data integrity.
- Partnered with cross-functional teams to gather requirements, design solutions, and manage backlog, driving project success.
- Maintained documentation and conducted knowledge transfer sessions to ensure smooth handover of projects and enable ongoing support and maintenance.
- Recognized for work ethic, efficiency, leadership, and management skills.

Omnifon, Full-Stack Developer Intern, Remote/Mexico May 2019-
Aug 2019

- Collaborated with a team to develop and test new features, ensuring a seamless user experience.
- Assisted in the development of user manuals and technical documentation to ensure smooth onboarding and support for end users.
- Contributed to the continuous improvement of development processes and procedures to enhance efficiency and productivity.

EDUCATION

The University of Texas at San Antonio

Graduation: Dec 2020

Computer Science Bachelor's Degree with a concentration in Cybersecurity and Software Development.

SUMMARY OF QUALIFICATIONS

- Experienced Software Developer with expertise in designing, developing, and delivering high-quality software solutions.

- Proficient in multiple programming languages and dedicated to staying at the forefront of emerging technologies and industry best practices.
- Strong problem-solving skills and ability to analyze complex issues to find innovative solutions.
- Experienced in directing complex projects and leading high-performing teams to deliver key initiatives.
- Proven ability to manage multiple priorities while maintaining an elevated level of accuracy and attention to detail.

PROGRAMMING LANGUAGES AND ADDITIONAL SKILLS

Programming Languages: Appian, Python, Java, C, Linux, JavaScript, HTML, CSS, PHP, SQL.

Software/Tools: GIT, QTest, JIRA, Source Tree, Excel, Word, PowerPoint.

Fluent in Spanish and English; conversational in German.
